

TAVENS CONTAINER CORP

Your Complete

Established in 1957, Tavens Container has been providing quality corrugated products to customers in the Cleveland and surrounding areas for over 40 years. Tavens Container provides a unique blend of creative design, production control and service to deliver to our customers the boxes they want, when they need it.

Dedication to quality and service is our number one priority, ensured through the utilization of modern equipment, efficient manufacturing procedures and on-time delivery.

Display and Packaging Design

At Tavens Container, we have a state-of-the-art facility that provides quick and efficient solutions for all your packaging needs, from the most basic carton design to full lithographic point-of-purchase displays.

Computer-aided drafting and sample cutting equipment enable us to provide accurate prototypes quickly. Tavens Container has access to all the current computer applications thus allowing artwork and tooling to be processed accurately and efficiently.

Commitment to Excellence

Service and quality are our top priority; being competitive is a must. In order to achieve all three, Tavens Container has created an unparalleled production, sales and customer service team who work together as one to fulfill the needs of our customers. Adding to this the most efficient modern manufacturing equipment in the industry, Tavens Container strives to stay ahead of the competition in a very competitive marketplace.

Capability and Capacity

Diversification is and always will be the key to success. Keeping this fact in mind, Tavens Container has developed a facility capable of manufacturing 100% of our customers corrugated needs.

Capacity is not an issue; no job is too large or too small. We have the resources and ability to expand our output for new business without sacrificing our relationships with existing customers.

Call Us Today

Our sales team is truly committed to the customer. They will listen to your needs, offer sound solutions and get the job done in a timely and competitive manner.

To arrange a meeting with one of our sales professionals to help you with your packaging needs, call our office today. Tavens Container is prepared to satisfy any of your corrugated requirements.

Tavens Container looks forward to servicing your corrugated needs for years to come.

Warehousing and Delivery

In this era of just-in-time delivery, Tavens Container established a 45,000 sq. ft. fully racked warehousing facility, and is extremely experienced in formulating a custom-made release program for your individual needs when required. Located only one mile from our main manufacturing plant, delivery is never an issue. We have our own fleet of trucks to ensure on-time delivery.

Tavens Container also carries over 50 standard size cartons, file cartons, mailers, variable depth folders and even caution cones in stock for immediate delivery.
